GENOA

Conectividade e Colaboração

Genoa é o nome dado a vela de proa com maior captação de vento para melhor aproveitamento de impulsão do barco. Alinha através de um design envolvente e colaborativo, suporta uma variedade de estilos de trabalho. O resultado são ambientes dinâmicos que incentivam o desempenho e ajudam a difundir um cultura aberta e inovadora.

Genoa es el nombre dado a la vela de partida con mayor captura de viento para un mejor uso del empuje del barco. Por lo tanto, la línea se desarrolló, a través de un diseño atractivo y colaborativo, que admite una variedad de estilos de trabajo. El resultado son entornos dinámicos que fomentan el rendimiento y ayudan a difundir una cultura de entornos abierta.
